Sec. 72103. (1) Upon petition by any person or on its own motion, the commission may designate a trailway in this state as a "Michigan trailway". The petition or motion shall propose permitted uses of the trailway. The commission shall not designate a trailway as a Michigan trailway unless it meets, or will meet when completed, all of the following requirements:

(a) The land on which the trailway is located is owned by the state or a governmental agency, or otherwise is under the long-term control of the state or a governmental agency through a lease, easement, or other arrangement. If the land is owned by a governmental agency, the commission shall obtain the consent of the governmental agency before designating the land as part of a Michigan trailway.

(b) The design and maintenance of the trailway and its related facilities meet generally accepted standards of public safety.

(c) The trailway meets appropriate standards for its designated recreation uses.

(d) The trailway is available for designated recreation uses on a nondiscriminatory basis.

(e) The trailway is a multiuse trail suitable for use by pedestrians, by people with disabilities, and by other users, as appropriate.

(f) The trailway is, or has potential to be, a segment of a statewide network of trailways, or it attracts a substantial share of its users from beyond the local area.

(g) The trailway is marked with an official Michigan trailway sign and logo at major access points.

(h) The trailway is not directly attached to a roadway, except at roadway crossings.

(i) Where feasible, the trailway offers adequate support facilities for the public, including parking, sanitary facilities, and emergency telephones, that are accessible to people with disabilities and are at reasonable frequency along the trailway.

(j) Potential negative impacts of trailway development on owners or residents of adjacent property are minimized through all of the following:

(i) Adequate enforcement of trailway rules and regulations.

(ii) Continuation of access for trailway crossings for agricultural and other purposes.

(iii) Construction and maintenance of fencing, where necessary, by the owner or operator of the trailway.

(iv) Other means as considered appropriate by the commission.

(k) Other conditions required by the commission.

(2) The commission shall not designate a trailway a Michigan trailway under subsection (1) unless a public hearing has been held in the vicinity of the proposed Michigan trailway to take testimony and gather public opinion on the proposed designation including, but not limited to, the proposed uses of the trailway and whether or not motorized uses are appropriate for the trailway. The public hearing shall be held at a location and at a time calculated to attract a fair representation of opinions on the designation. A transcript or a summary of the testimony at the public hearing shall be forwarded to the commission.

(3) At the time a Michigan trailway is designated under subsection (1), the commission shall, in consultation with the governmental agencies in which the trailway is located, establish uses to be permitted on the trailway. In establishing permitted uses, the commission shall consider all of the following:

(a) The safety and enjoyment of trailway users.

(b) Impacts on residents, landowners, and businesses adjacent to the trailway.

(c) Applicable local ordinances.

(4) A change in the permitted uses of a Michigan trailway established under subsection (3) relating to whether or not a motorized use is allowed on the trailway shall not be made without approval of the commission after a public hearing held in the same manner as provided in subsection (2).

(5) The commission may revoke a Michigan trailway designation if it determines that a trailway fails to meet the requirements of this section. Before revoking a Michigan trailway designation, the commission shall provide notice to all entities involved in the management of the trailway. If the trailway is brought into compliance with this section within 90 days after providing this notice, the commission shall not revoke the designation.

Sec. 74117. (1) The department may require park permits and collect park permit fees for entry into a state park or portion of a state park posted in the manner prescribed by this part. The department shall prepare and distribute park permits to implement this part.

(2) Except as otherwise provided in this section, an annual park permit shall be issued and shall authorize the entry of the motor vehicle to which it is originally attached within the confines of any state park or

recreation area during the calendar year for which it is issued. The fee for the annual park permit is as follows:

(3) A daily permit, valid for 1 day only, shall authorize the entry of the motor vehicle to which it is originally attached within the confines of a state park during the day for which it is issued. The fee for a daily permit is as follows:

(a) Until January 1, 2007, for the owner of a resident motor vehicle, \$6.00.

(b) Until January 1, 2007, for the owner of a nonresident motor vehicle, \$8.00.

(4) A person who has obtained an annual motor vehicle permit under this section for a recreational vehicle to be used as a stationary primary camping shelter camped legally in and not moved from a state park campground during the period of the camping stay may obtain a duplicate motor vehicle permit for a towed second motor vehicle present at the time of entry for a fee of \$6.00 effective for the duration of camping stay.

(5) The department shall provide an annual report to the standing committees in the senate and house of representatives along with the appropriate budget subcommittees that primarily consider natural resources issues that details the revenue stream generated by the fee structure under this section. (6) A resident motor vehicle is a vehicle that is registered as a motor vehicle in this state.

(7) This part applies only to the entry of motor vehicles into the state parks and to the park permits authorized in this part and does not obviate the necessity of obtaining additional permits for special services or park privileges as previously or subsequently may be required by law or by rules promulgated by the department. The department shall designate each person in the state authorized to sell park permits and shall require as a condition of the designation that a surety bond be furnished in an amount and in a form and with the surety as is acceptable to the department.  - (g) Other information which the department or the department of history, arts, and libraries considers necessary in evaluating the request for a permit.
- (3) An application for a permit is not complete until all information requested on the application form and any other information requested by the department or the department of history, arts, and libraries has been received by the department. After receipt of an otherwise complete application, the department may request additional information or documents as are determined to be necessary to make a decision to grant or deny a permit.
- (4) The department and the department of history, arts, and libraries shall approve or deny an application for a permit with the advice of the committee. A condition to the approval of an application shall be in writing on the face of the permit. (f) Require the permit holder to submit a specific removal plan prior to commencing any salvaging activities. Among other matters considered appropriate by either the department or the department of history, arts, and libraries, or both, the removal plan may be required to ensure the safety of those removing or assisting in the removal of the abandoned property and to address how the permit holder proposes to prevent, minimize, or mitigate potential adverse effects upon the abandoned property to be removed, that portion of the abandoned property which is not to be removed, and the surrounding geographic features.

(5) The department shall approve an application for a permit unless the department determines that the abandoned property to be recovered has substantial recreational value in itself or in conjunction with other abandoned property in its vicinity underwater, or the recovery of abandoned property would not comply with rules applying to a Great Lakes bottomlands preserve.

(6) The department of history, arts, and libraries shall approve the application for a permit unless the department of history, arts, and libraries determines that the abandoned property to be recovered has substantial historical value in itself or in conjunction with other abandoned property in its vicinity. If the property has substantial historical value, the department of history, arts, and libraries, pursuant to subsection (4), may impose a condition on the permit requiring the permittee to turn over recovered property to the department of history, arts, and libraries for the purpose of preserving the property or permitting public access to the property. The department of history, arts, and libraries may authorize the display of the property in a public or private museum or by a local unit of government. In addition to the conditions authorized by subsection (4), the department of history, arts, and libraries may provide for payment of salvage costs in connection with the recovery of the abandoned property.

(7) A person shall not recover cargo situated on, in, or associated with an abandoned watercraft that is located outside of a Great Lakes bottomlands preserve except as authorized by a permit issued pursuant to this section and part 13. Subject to subsection (4), the permit shall be issued to the first person applying for the permit. However, only the person who discovered the abandoned watercraft may apply for a permit during the first 90 days after the discovery. When a watercraft containing cargo is simultaneously discovered by more than 1 person, a permit shall be approved with respect to the first person or persons jointly applying for a permit.

(8) A person aggrieved by a condition contained on a permit or by the denial of an application for a permit may request an administrative review of the condition or the denial by the commission or the department of history, arts, and libraries, whichever disapproves the application or imposes the condition. A person shall file the request for review with the commission or the department of history, arts, and libraries, whichever is applicable, within 90 days after the permit application is submitted to the department. An administrative hearing conducted pursuant to this subsection shall be conducted under the procedures set forth in chapter 4 of the administrative procedures act of 1969, 1969 PA 306, MCL 24.271 to 24.287. If neither the department nor the department of history, arts, and libraries approves the application and an administrative review is requested from both the commission and the department of history, arts, and libraries, the appeals shall be combined upon request of the appellant or either the commission or the department of history, arts, and libraries and a single administrative hearing shall be conducted. The commission and the department of history, arts, and libraries shall issue jointly the final decision and order in the case.

(9) A permit issued under this section is valid until December 31 of the year in which the application for the permit was filed and is not renewable. If an item designated in a permit for recovery is not recovered, a permit holder may, upon request following the expiration of the permit, be issued a new permit to remove the same abandoned property if the permit holder demonstrates that diligence in attempting recovery was exercised under the previously issued permit.

(10) A permit issued under this section shall not be transferred or assigned unless the assignment is approved in writing by both the department and the department of history, arts, and libraries.

(2) A Great Lakes bottomlands preserve may be established whenever a bottomlands area includes a single watercraft of significant historical value, includes 2 or more abandoned watercraft, or contains other features of archaeological, historical, recreational, geological, or environmental significance. Bottomlands areas containing few or no watercraft or other features directly related to the character of a preserve may be excluded from preserves.

(3) In establishing a Great Lakes bottomlands preserve, the department of environmental quality shall consider all of the following factors:

(a) Whether creating the preserve is necessary to protect either abandoned property possessing historical or recreational value, or significant underwater geological or environmental features.

(b) The extent of local public and private support for creation of the preserve.

Great Lakes bottomlands preserves shall be limited in total area to not more than 10% of the Great Lakes bottomlands within this state. However, the limitations provided in this subsection do not apply to the Thunder Bay Great Lakes bottomland preserve established in subsection (7).

(6) Upon the approval of the committee, not more than 1 vessel associated with Great Lakes maritime history may be sunk intentionally within a Great Lakes bottomlands preserve. However, state money shall not be expended to purchase, transport, or sink the vessel.

As long as the Thunder Bay national marine sanctuary and underwater preserve remains a designated national marine sanctuary, the right and privilege to explore, survey, excavate, and regulate abandoned property of historical or recreational value found upon or within the lands owned by or under control of the state within those boundaries shall be jointly managed and regulated by the department of environmental quality and the national oceanic and atmospheric administration. The maximum rate of interest on such bonds shall be that set forth for

bonds issued under the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821. The sale and award of notes shall be conducted and made by the commission at a public or private sale. If a public sale is held, the notes shall be advertised for sale once not less than 7 days before sale in a publication printed in the English language and circulated in this state, which carries as a part of its regular service notices of the sales of municipal bonds and which has been designated in the resolution as a publication complying with these qualifications. The notice of sale shall be in the form as designated by the commission. Bonds may be sold at a discount as provided in the bond resolution. Bonds issued under this section are not subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

(2) Any resolution authorizing the issuance of bonds under this part or any instrument of trust entered into as authorized by this part may contain covenants, including, but not limited to, any of the following:

(a) The purpose or purposes to which the proceeds of the sale of the bonds may be applied, and the deposit, use, and disposition of the proceeds.

(b) The use, deposit, securing of deposits, and disposition of the revenues of the commission, including the creation and maintenance of reserves.

(c) The issuance of additional bonds payable from the revenues of the commission.

(d) The operation and maintenance of properties of the commission.

(e) The insurance to be carried thereon, and the use, deposit, and disposition of insurance money.

(f) Books of account and the inspection and audit of the books of account and the accounting methods of the commission.

(g) The nonrendering of any free service by the commission.

(h) The preservation of the properties of the commission, so long as any of the bonds remain outstanding, from any mortgage, sale, lease, or other encumbrance not specifically permitted by the terms of the resolution.

(i) The employment of sufficient personnel for the collection of fees and charges incident to the operation of the facility and for the payment of compensation to the personnel out of the fees and charges.

(3) In the discretion of the commission, any bonds issued under this part may be secured by a trust indenture by and between the commission and a corporate trustee, which may be any bank having the right to exercise the powers of a trust company within this state. Any trust indenture described in this subsection may pledge or assign the revenues from the operation of properties of the commission, but shall not convey or mortgage any properties, except the revenues. Any trust indenture or any resolution providing for the issuance of bonds may contain the provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the commission in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation, and insurance of the improvements in connection with which the bonds have been authorized, and the custody, safeguarding, and application of all money, and provisions for the employment of consulting engineers, architects, and landscape architects in connection with the planning, construction, or operation of the improvements. Any trust indenture may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders as is customary in trust agreements or trust indentures securing bonds and debentures of corporations. In addition to the foregoing, any trust indenture or resolution may contain other provisions as the commission considers reasonable and proper for the security of the bondholders. The holder of any bond issued under this part or a trustee in his or her behalf may bring suit against the commission and its members, officers, and agents to enforce the provisions and covenants contained in any trust indenture or resolution. All expenses incurred in carrying out the provisions of any trust indenture may be treated as a part of the cost of operation of the improvements for which the bonds are authorized.

(4) Money received pursuant to this part, whether as proceeds from the sale of bonds or as revenues from the operations of properties, or otherwise received by the commission, shall be considered to be trust funds, to be held and applied solely as provided in this part and in the resolution authorizing, or trust indenture securing, its bonds. All money received may be deposited in as received and paid out by any bank or banks selected for the purpose and eligible to hold public money under the laws of this state, the deposits and paying out to be in the manner provided in the resolution or trust indenture. None of the money need be paid into the state treasury.

(5) If the commission has issued any bonds under this part, the commission may subsequently issue and negotiate new bonds under this part for the purpose of providing for the retirement of those outstanding bonds, in whole or in part. The new bonds shall be designated "gross revenue refunding bonds", and except as otherwise provided in the refunding resolution, shall be secured to the same extent and shall have the same source of payment as the bonds that have been refunded, or may be payable from earnings on investments held in trust to pay refunded bonds for the period of time specified in the ordinance authorizing the bonds. The refunding bonds may be issued to include the amount of any premium to be paid upon the calling of the

callable bonds to be refunded or any premium necessary to be paid in order to secure the surrender of the noncallable bonds to be refunded, interest to the maturity or redemption date of the bonds to be refunded, and the cost of issuing the refunding bonds. This section shall not be construed as providing for the redemption of noncallable unmatured bonds without the consent of the holder or holders of the bonds. The refunding bonds may be sold at public sale, may be privately negotiated, or may be exchanged for the obligations to be refunded by the obligations, and if sold, the proceeds shall be deposited in a bank and credited to a special trust account to be used only for the redemption or purchase of the outstanding bonds. If refunding bonds are to be issued and sold for the purpose of refunding noncallable unmatured bonds, those bonds shall be surrendered and canceled at the time of delivery to the purchaser of the refunding bonds, or sufficient funds shall be deposited in trust to pay principal and interest to maturity on noncallable bonds. If refunding bonds are to be issued for the purpose of refunding callable bonds, those bonds shall be surrendered and canceled at the time of delivery to the purchaser of the refunding bonds, or sufficient funds shall be deposited in trust to pay principal, interest, and redemption premium to the earliest redemption date on callable bonds. When the resolution authorizing the bonds to be refunded permits, the borrower may deposit in trust direct obligations of, or obligations the principal and interest of which are unconditionally guaranteed by, the United States and which do not permit redemption at the option of the issuer, the principal and interest on which when due, without reinvestment, will provide funds sufficient to pay principal, interest, and call premium, when due, on the bonds being refunded.

(6) Notwithstanding the other provisions of this section:

(a) Interest on the bonds may be payable at any time provided in the resolution, and may be set, reset or calculated, or both, as provided in the resolution.

(b) If so authorized in the resolution bonds may be:

(i) Made the subject of a put or agreement to repurchase by the commission.

(ii) Secured by a letter of credit issued by a bank pursuant to an agreement entered into by the commission or secured by any other collateral.

(iii) Callable.

(iv) Reissued by the commission once reacquired by the commission pursuant to any put or repurchase agreement.

(c) The commission may by resolution do any of the following:

(i) Authorize the issuance of renewal bonds.

(ii) Refund, or refund in advance, bonds by the issuance of new bonds, whether the bonds to be refunded have or have not matured.

(iii) Issue bonds partly to refund bonds and partly for any other purposes authorized by this part.

(iv) Buy and sell any bonds issued under this part.

(d) Renewal, refunding, or advance refunding bonds are subject to all of the following:

(i) Shall be sold and the proceeds applied to the purchase redemption or payment of the bonds to be renewed or refunded.

(ii) May be sold or resold at a public or private sale upon such terms and conditions as the commission may establish in the order.

(iii) May pledge the revenues pledged in the issue to be refunded in advance effective when a defeasance has occurred with respect to the original issue.

(e) If authorized by the commission in the resolution authorizing the bonds, any bonds issued may be secured in whole or in part pursuant to a trust or escrow agreement, which agreement may also govern the issuance of renewal bonds, refunding bonds, and advance refunding bonds. The agreement may authorize the trustee or escrow agent to make investments of any type authorized in the agreement.

(f) Powers specified in this subsection shall be in addition to those set forth in all other subsections and sections of this part.

(7) The commission shall hire an independent certified public accountant approved by the legislative auditor general to perform an annual audit of all of its operations which are required by, or in any way relate to, any covenants made in connection with any bonds issued pursuant to this part.

(8) The bonds may be issued in electronic format only or, if issued in paper copies, shall be signed by the chairperson or vice-chairperson of the commission and attested to by any other officer of the commission authorized to do so by resolution of the commission. The signature of either officer, but not both, may be affixed by facsimile or electronically.

(9) The issuance of bonds and notes under this section is subject to the agency financing reporting act.

(10) For the purpose of more effectively managing its debt service, the commission may enter into an interest rate exchange or swap, hedge, or similar agreement with respect to its bonds or notes on the terms and payable from the sources and with the security, if any, as determined by a resolution of the commission.

Sec. 80124. (1) Except as otherwise provided in this section, the owner of a vessel required to be numbered and to display a decal shall file an application for a certificate of number with the secretary of state. The secretary of state shall prescribe and furnish certificate of title application forms. If a vessel requiring a certificate of title under part 803 is sold by a dealer, that dealer shall combine the application for a certificate of number that is signed by the vessel owner with the application for a certificate of title. The dealer shall obtain the certificate of number in the name of the owner. The owner of the vessel shall sign the application. A person shall not file an application for a certificate of number that contains false information. A dealer who fails to submit an application as required by this section is guilty of a misdemeanor, punishable by imprisonment for not more than 90 days, or a fine of not more than \$100.00, or both.

(2) A dealer who submits an application for a certificate of number as provided in subsection (1) may issue to the owner of the vessel a 15-day temporary permit, on forms prescribed by the secretary of state, for the use of the vessel while the certificate of number is being issued.

(3) A dealer may issue a 15-day permit, on a form prescribed by the secretary of state, for the use of a vessel purchased in this state and delivered to the purchaser for removal to a place outside of this state, if the purchaser certifies by his or her signature that the vessel will be registered and primarily used and stored outside of this state and will not be returned to this state by the purchaser for use or storage. A certificate of number shall not be issued for a vessel holding a permit under this subsection.

(4) A 15-day temporary permit issued under subsection (2) or (3) shall not be renewed or extended.

(5) A person shall operate or permit the operation of a vessel for which a 15-day temporary permit has been issued under this section only if the temporary permit is valid and displayed on the vessel as prescribed by rule promulgated by the department under this part.

(6) Except as otherwise provided in this section, an applicant shall pay the following fee at the time of application:

(9) Upon receipt of an initial application for a certificate of number in approved form and payment of the required fee, the secretary of state shall enter the information upon the official records and issue to the applicant a certificate of number containing the number awarded to the vessel, the name and address of the owner, and other information that the secretary of state determines necessary. (12) If a person who tenders a check or draft described in subsection (10) fails to pay a fee or tax within 15 days after the secretary of state gives him or her notice that the check or draft described in subsection (10) was not paid on its first presentation, the secretary of state shall assess and collect a penalty of \$5.00 or 20% of the check or draft, whichever is larger, in addition to the fee or tax.

(13) The owner or authorized agent of the owner of a vessel less than 26 feet in length that is leased or rented to a person for noncommercial use for not more than 24 hours may retain, at the place from which the vessel departs or returns to the possession of the owner or the owner's representative, the certificate of number for that vessel if a copy of the lease or rental agreement is on the vessel. Upon the demand of a peace officer, the operator shall produce for inspection either the certificate of number or a copy of the lease or rental agreement for that vessel. The lease or rental agreement shall contain each of the following:

- (a) The vessel number that appears on the certificate of number.
- (b) The period of time for which the vessel is leased or rented.
- (c) The signature of the vessel's owner or that person's authorized agent.
- (d) The signature of the person leasing or renting the vessel.

(14) Upon receipt of a certificate of number for a vessel, the owner of that vessel shall paint on or attach in a permanent manner to each side of the forward half of the vessel the number identified in the certificate of number, in the manner prescribed by rules promulgated by the department. The secretary of state shall assign to the owner of vessels for rent or lease a block of numbers sufficient to number consecutively all of that owner's rental or lease vessels. The owner shall maintain the numbers in a legible condition. A vessel documented by the United States coast guard or a federal agency that is the successor to the United States coast guard is not required to display numbers under this part but shall display a decal indicating payment of the fee prescribed in subsection (6), and shall otherwise be in compliance with this part. This subsection does

not apply to a nonpowered vessel 12 feet or less in length.

(15) Upon receipt of an application for a certificate of number in an approved form and payment of the fee required by this part, the secretary of state shall issue a decal that is color-coded and dated to identify the year of its expiration, and that indicates that the vessel is numbered in compliance with this part. The department shall promulgate a rule or rules to establish the manner in which the decal is to be displayed.

(16) A decal is valid for a 3-year period that begins on April 1 and expires on March 31 of the third year. An original certificate of number may be issued up to 90 days prior to April 1. A numbering renewal decal or other renewal device may be issued up to 90 days prior to the expiration of a certificate.

(17) Upon receipt of a request for renewal of a decal and payment of the fee prescribed in subsection (6), the secretary of state shall issue to the applicant a decal as provided in subsection (15).

(18) The numbering system adopted pursuant to this part shall be in accordance with the standard system of numbering established by the secretary of the department in which the United States coast guard operates.

(19) An agency of this state, a political subdivision of this state, or a state supported college or university of this state that owns a vessel that is required to be numbered under this part shall register that vessel and upon payment of either of the following shall receive from the secretary of state a certificate of number for that vessel:

(a) A fee of \$3.00 for a vessel that is not used for recreational, commercial, or rental purposes.

(b) The fee required under subsection (6) for a vessel that is used for recreational, commercial, or rental purposes.

(20) The secretary of state shall, upon receipt of payment of the fee required under subsection (19), issue a certificate of number for each vessel subject to subsection (19).

(21) A vessel that is 30 years of age or older and not used other than in club activities, exhibitions, tours, parades, and other similar activities is a historic vessel. The secretary of state shall make available to the public application forms for certificates of number for historic vessels and, upon receipt of a completed application form and fee, shall number a historic vessel as a historic vessel. The fee for the numbering of a historic vessel is 1/3 of the otherwise applicable fee specified in subsection (6).

(22) Upon application to the secretary of state, the owner of a nonmotorized canoe or kayak who registered that vessel under former Act No. 303 of the Public Acts of 1967 between January 1, 1989 and April 17, 1990 shall receive a refund of a portion of the registration fee equal to the difference in the amount that owner paid and the fee amount provided in subsection (6)(c).

(23) The secretary of state shall refund to the owner of a vessel registered under this part or former Act No. 303 of the Public Acts of 1967 all of the registration fee paid for that vessel pursuant to this section or section 33 of former Act No. 303 of the Public Acts of 1967 if all of the following conditions are met during the period for which the registration fee was paid:

(a) The owner transfers or assigns title or interest in the registered vessel before placing the decal issued under subsection (15) on the vessel.

(b) The owner surrenders the unused decal to the secretary of state within 30 days after the date of transfer or assignment.

(24) The secretary of state shall refund to the surviving spouse of a deceased vessel owner the registration fee paid pursuant to this part, prorated on a monthly basis, upon receipt of the decal issued under subsection (15) or evidence satisfactory to the secretary of state that the decal issued under subsection (15) has been destroyed or voided.

(25) If the secretary of state computes a fee under this part that results in a figure other than a whole dollar amount, the secretary of state shall round the figure to the nearest whole dollar.

Sec. 80156. (1) Subject to subsection (2), a person shall not operate a motorboat on the waters of this state unless the motorboat is equipped and maintained with an effective muffler or underwater exhaust system that does not produce sound levels in excess of 90 dB(A) when subjected to a stationary sound level test as prescribed by SAE J2005 or a sound level in excess of 75 dB(A) when subjected to a shoreline sound level measurement procedure as described by SAE J1970. The operator of a motorboat shall present the motorboat for a sound level test as prescribed by SAE J2005 upon the request of a peace officer. If a motorboat is equipped with more than 1 motor or engine, the test shall be performed with all motors or engines operating. To determine whether a person is violating this subsection, a peace officer may measure sound levels pursuant to procedures prescribed in SAE J1970, issued 1991-92.

(2) The department may by rule establish a motorboat sound level test and set a maximum decibel level or levels permitted for motorboat operation that replace the tests and maximum decibel levels permitted under subsection (1). If a test and maximum decibel level or levels are established pursuant to this subsection, all of the following apply:

(b) The operator of a motorboat shall present the motorboat for the sound level test established pursuant to this subsection upon the request of a peace officer.

(c) A motorboat equipped with more than 1 motor or engine shall be tested with all motors or engines operating.

(3) A person shall not manufacture, sell, or offer for sale a motorboat for use on the waters of this state unless that motorboat is equipped and maintained with an effective muffler or underwater exhaust system that complies with the applicable sound levels permitted under subsection (1) or (2).

(4) Subsections (1) and (2) do not apply to any of the following:

(a) A motorboat tuning up or testing for or participating in official trials for speed records or a sanctioned race conducted pursuant to a permit issued by an appropriate unit of government.

(b) A motorboat being operated by a boat or marine engine manufacturer for the purpose of testing or development.

(c) A motorboat that qualifies as an historic vessel.

(5) As used in this section, "dB(A)" means decibels on the "A" scale on a sound meter having characteristics of a general purpose sound meter as defined by American national standards institute S1.4-1983.

(6) A person who violates this section is guilty of a misdemeanor, punishable by imprisonment for not more than 90 days and a fine of not less than \$100.00 or more than \$500.00. Additionally, before putting the motorboat back in use, a person who violates this section is required to install an effective muffler or underwater exhaust system that meets the requirements of this section on the motorboat in violation at his or her expense.

324.80181 Chemical test and analysis of blood, urine, or breath; collection of sample or specimen; application of administrative rules.

Sec. 80181. (1) The following apply with respect to a chemical test and analysis of a person's blood, urine, or breath, other than a preliminary chemical breath analysis:

(a) The amount of alcohol or presence of a controlled substance, or both, in an operator's blood at the time alleged as shown by chemical analysis of the person's blood, urine, or breath is admissible into evidence in any civil or criminal proceeding.

(b) A person arrested for a crime described in section 80187(1) shall be advised of all of the following:

(i) That if the person takes a chemical test of his or her blood, urine, or breath administered at the request of a peace officer, the person has the right to demand that someone of the person's own choosing administer 1 of the chemical tests; that the results of the test are admissible in a judicial proceeding as provided under this part and shall be considered with other competent evidence in determining the innocence or guilt of the defendant; and that the person is responsible for obtaining a chemical analysis of a test sample obtained pursuant to the person's own request.

(ii) That if the person refuses the request of a peace officer to take a test described in subparagraph (i), the test shall not be given without a court order, but the peace officer may seek to obtain such a court order.

(iii) That the person's refusal of the request of a peace officer to take a test described in subparagraph (i) will result in issuance of an order that the person not operate a vessel on the waters of this state for at least 6 months.

(2) A sample or specimen of urine or breath shall be taken and collected in a reasonable manner. Only a licensed physician, or a licensed nurse or medical technician under the direction of a licensed physician, qualified to withdraw blood and acting in a medical environment, may withdraw blood at the request of a peace officer for the purpose of determining the amount of alcohol or presence of a controlled substance, or

both, in a person's blood, as provided in this subsection. A qualified person who withdraws or analyzes blood, or assists in the withdrawal or analysis, in accordance with this part is not liable for a crime or civil damages predicated on the act of withdrawing or analyzing blood and related procedures unless the withdrawal or analysis is performed in a negligent manner.

(3) A rule relating to a chemical test for alcohol or a controlled substance promulgated under the Michigan vehicle code, Act No. 300 of the Public Acts of 1949, being sections 257.1 to 257.923 of the Michigan Compiled Laws, applies to a chemical test administered under this part.

324.80182 Chemical test; administration at request of peace officer, during medical treatment, or by medical examiner if operator of vessel is deceased; procedures.

Sec. 80182. (1) A chemical test described in section 80181 shall be administered at the request of a peace officer having reasonable grounds to believe the person has committed a crime described in section 80187(1). A person who takes a chemical test administered at the request of a peace officer, as provided in section 80181, shall be given a reasonable opportunity to have someone of the person's own choosing administer 1 of the chemical tests described in section 80181 within a reasonable time after the person's detention, and the results of the test are admissible and shall be considered with other competent evidence in determining the innocence or guilt of the defendant. If the person charged is administered a chemical test by someone of the person's own choosing, the person charged is responsible for obtaining a chemical analysis of the test sample.

(2) If, after an accident, the operator of a vessel involved in the accident is transported to a medical facility and a sample of the operator's blood is withdrawn at that time for the purpose of medical treatment, the results of a chemical analysis of that sample are admissible in any civil or criminal proceeding to show the amount of alcohol or presence of a controlled substance, or both, in the person's blood at the time alleged, regardless of whether the person had been offered or had refused a chemical test. The medical facility or person performing the chemical analysis shall disclose the results of the analysis to a prosecuting attorney who requests the results for use in a criminal prosecution as provided in this subsection. A medical facility or person disclosing information in compliance with this subsection is not civilly or criminally liable for making the disclosure.

(3) If, after an accident, the operator of a vessel involved in the accident is deceased, a sample of the decedent's blood shall be withdrawn in a manner directed by the medical examiner for the purpose of determining the amount of alcohol or the presence of a controlled substance, or both, in the decedent's blood. (2) If a chemical test described in sections 80181 and 80182 is administered, the results of the test shall be made available to the person charged or the person's attorney upon written request to the prosecution, with a copy of the request filed with the court. (a) If at the time defendant had an alcohol content of 0.07 grams or less per 100 milliliters of blood, per 210 liters of breath, or per 67 milliliters of urine, it shall be presumed that the defendant's ability to operate a vessel was not impaired due to the consumption of intoxicating liquor and that the defendant was not under the influence of intoxicating liquor.

(b) If at the time defendant had an alcohol content of more than 0.07 grams but less than 0.10 grams per 100 milliliters of blood, per 210 liters of breath, or per 67 milliliters of urine, it shall be presumed that the defendant's ability to operate a vessel was impaired within the provisions of section 80176(3) due to the consumption of intoxicating liquor.

(c) If at the time defendant had an alcohol content of 0.10 grams or more per 100 milliliters of blood, per 210 liters of breath, or per 67 milliliters of urine, it shall be presumed that the defendant was under the influence of intoxicating liquor.

(2) A person's refusal to submit to a chemical test as provided in sections 80181 and 80182 is admissible in a criminal prosecution for a crime described in section 80187(1) only for the purpose of showing that a test was offered to the defendant, but not as evidence in determining innocence or guilt of the defendant. The balance of the funds available shall be used by the department for the enforcement of this part or for the purchase of any necessary equipment used for the enforcement of this part. In making grants available for distribution under this subsection, the department shall consider the following factors:

- (a) The number of miles of ORV trails, routes, or areas within the county.

- (c) The estimated number of ORVs within the county and that are brought into the county for ORV use.
- (d) The estimated number of days that ORVs may be used within that county.
- (e) Any other factors considered appropriate by the department. The department shall require a county sheriff receiving a grant under this subsection to maintain records and submit an annual report to verify expenditure of grant money received.

(5) Not less than 20% of the revenue in the ORV trail improvement fund through March 31, 1996, and not less than 12-1/2% beginning April 1, 1996, shall be distributed each year in the form of grants to public agencies and nonprofit incorporated clubs and organizations for the restoration of damage that is caused by ORV use to natural resources on public land. A grant under this subsection may be in addition to a grant under subsection (1). An application for a grant under this subsection shall comply with subsection (2).

(6) Not more than 3-1/8% of the revenue in the fund in any year shall be used for administration of this part. The department may use revenue from the funds for personnel to operate the program under this part.

(7) The remaining 3-1/8% of the revenue in the fund may be used for the purposes described in subsections (1) and (4), except that 25 cents of each fee for a license sold by a dealer shall be retained by the dealer as a commission for services rendered. If the remainder of the fund is used for the purposes described in subsection (4), it shall be allocated as provided in subsection (4).

Sec. 81131. (1) A local unit of government may pass an ordinance establishing access routes along streets and highways under its jurisdiction, if those access routes do not involve state or federal highways, and if they meet the requirements of the plan developed pursuant to section 81127. If necessary, consent of a state or federal land management agency shall be obtained for the location of the route.

(2) A municipality may pass an ordinance allowing a permanently disabled person to operate an ORV in that municipality.

(3) A board of county road commissioners, a county board of commissioners, and a local unit of government do not have a duty to maintain a highway under their respective jurisdictions in a condition reasonably safe and convenient for the operation of ORVs, except the following ORVs:

(a) ORVs registered as motor vehicles as provided in the code.

(b) ORVs permitted by an ordinance as provided in subsection (2).

324.81132 Rules; ordinance enacted under authority of rule; enforcement.

Sec. 81132. (1) The department may promulgate rules governing the operation and conduct of ORVs, vehicle speed limits, use of vehicles by day and hour, and the establishment and designation of areas within which vehicles may be used in a manner compatible with, and that will best protect, the public safety and general welfare on the frozen surface of public waters, and that will preserve the submerged marshlands adjacent to the borders of the Great Lakes, lake St. Clair, and the navigable inland waters of the state.

(2) The department, on its own initiative or upon receipt of a certified resolution of the governing body of a local unit of government may initiate investigations into the need for special rules governing the operation of vehicles on the frozen surface of public waters and the submerged marshlands adjacent to the borders of the Great Lakes, lake St. Clair, and the navigable inland waters of the state. If controls for that activity are considered necessary, or when the amendment or rescission of an existing rule is required, a rule shall be prepared. Notice of a public hearing shall be made not less than 10 days prior to the hearing, in a newspaper of general circulation in the area within which the rules are to be imposed, amended, or rescinded.

(3) The proposed rule shall then be submitted to the governing body of the political subdivision in which the affected frozen waters or marshes lie. Within 30 calendar days, the governing body shall inform the department that it approves or disapproves of the proposed rule. If the governing body disapproves the proposed rule, further action shall not be taken. If the governing body approves the proposed rule, a local ordinance may be enacted which shall be identical to the rule, and which ordinance shall not be effective until the rule is in effect in accordance with law. The department shall then promulgate the rule.

(4) When an ordinance is enacted under the authority of a rule, and that rule is subsequently suspended by the legislature, or amended or rescinded by the department, the ordinance shall also be suspended, amended, or repealed.

(5) A local law enforcement officer may enforce an ordinance enacted pursuant to this section, and a state law enforcement officer shall enforce a rule promulgated under this section.

324.81133 Operation of ORV; prohibited acts.

Sec. 81133. A person shall not operate an ORV:

(a) At a rate of speed greater than is reasonable and proper, or in a careless manner having due regard for conditions then existing.

(b) Unless the person and any passenger in or on the vehicle is wearing on his or her head a crash helmet and protective eyewear approved by the United States department of transportation. This subdivision does not apply if the vehicle is equipped with a roof that meets or exceeds standards for a crash helmet and the operator and each passenger is wearing a properly adjusted and fastened safety belt.

(c) During the hours of 1/2 hour after sunset to 1/2 hour before sunrise without displaying a lighted headlight and lighted taillight.

(d) Unless equipped with a braking system that may be operated by hand or foot, capable of producing deceleration at 14 feet per second on level ground at a speed of 20 miles per hour; a brake light, brighter than the taillight, visible when the brake is activated to the rear of the vehicle when the vehicle is operated during the hours of 1/2 hour after sunset and 1/2 hour before sunrise; and a throttle so designed that when the pressure used to advance the throttle is removed, the engine speed will immediately and automatically return to idle.

(e) In a state game area or state park or recreation area, except on roads, trails, or areas designated for this purpose; on state owned lands under the control of the department other than game areas, state parks, or recreational areas where the operation would be in violation of rules promulgated by the department; in a forest nursery or planting area; on public lands posted or reasonably identifiable as an area of forest reproduction, and when growing stock may be damaged; in a dedicated natural area of the department; or in any area in such a manner as to create an erosive condition, or to injure, damage, or destroy trees or growing crops. However, the department may permit an owner and guests of the owner to use an ORV within the boundaries of a state forest in order to access the owner's property.

(f) On the frozen surface of public waters within 100 feet of a person not in or upon a vehicle, or within 100 feet of a fishing shanty or shelter or an area that is cleared of snow for skating purposes, except at the minimum speed required to maintain controlled forward movement of the vehicle, or as may be authorized by permit in special events.

(g) Unless the vehicle is equipped with a spark arrester type United States forest service approved muffler, in good working order and in constant operation. Exhaust noise emission shall not exceed 86 Db(A) or 82 Db(A) on a vehicle manufactured after January 1, 1986, when the vehicle is under full throttle, traveling in second gear, and measured 50 feet at right angles from the vehicle path with a sound level meter which meets the requirement of ANSI S1.4 1983, using procedure and ancillary equipment therein described; or 99 Db(A) or 94 Db(A) on a vehicle manufactured after January 1, 1986, or that level comparable to the current sound level as provided for by the United States environmental protection agency when tested according to the provisions of the current SAE J1287, June 86 test procedure for exhaust levels of stationary motorcycles, using sound level meters and ancillary equipment therein described. A vehicle subject to this part, manufactured or assembled after December 31, 1972 and used, sold, or offered for sale in this state, shall conform to the noise emission levels established by the United States environmental protection agency under the noise control act of 1972, Public Law 92-574, 86 Stat. 1234.

(h) Within 100 feet of a dwelling at a speed greater than the minimum required to maintain controlled forward movement of the vehicle, except on property owned or under the operator's control or on which the operator is an invited guest, or on a roadway, forest road, or forest trail maintained by or under the jurisdiction of the department, or on an ORV access route as authorized by local ordinance.

The operator of the vehicle is liable for damage to private property, including, but not limited to, damage to trees, shrubs, growing crops, or injury to living creatures or damage caused through vehicle operation in a manner so as to create erosive or other ecological damage to private property. The owner of the private property may recover from the person responsible nominal damages of not less than the amount of damage or injury. Failure to post private property or fence or otherwise enclose in a manner to exclude intruders or of the private property owner or other authorized person to personally communicate against trespass does not imply consent to ORV use.

(j) In an area on which public hunting is permitted during the regular November firearm deer season from 7 a.m. to 11 a.m. and from 2 p.m. to 5 p.m., except during an emergency or for law enforcement purposes, to go to and from a permanent residence or a hunting camp otherwise inaccessible by a conventional wheeled vehicle, to remove a deer, elk, or bear from public land which has been taken under a valid license; or except for the conduct of necessary work functions involving land and timber survey, communication and transmission line patrol, and timber harvest operations; or on property owned or under control of the operator or on which the operator is an invited guest. A hunter removing game pursuant to this subdivision shall be allowed to leave the designated trail or forest road only to retrieve the game and shall not exceed 5 miles per hour. A vehicle registered under the code is exempt from this subdivision while operating on a public highway or public or private road capable of sustaining automobile traffic. A person holding a valid permit to hunt from a standing vehicle issued pursuant to part 401, or a person with disabilities using an ORV to access public lands for purposes of hunting or fishing through use of a designated trail or forest road, is exempt from this subdivision.

If a person is charged with violating section 81134, a finding of guilty is permissible under this section.

(2) Except as otherwise provided in this section, a person convicted of a violation of this section is guilty of a misdemeanor, punishable by imprisonment for not more than 93 days, or a fine of not more than \$300.00, or both, together with costs of the prosecution. (3) A person who violates this section or a local ordinance substantially corresponding to this section, and has 1 or more prior convictions under this section or section 81134 or a local ordinance substantially corresponding to this section or section 81134, is guilty of a misdemeanor, punishable by imprisonment for

The person shall pay for the costs of the screening, assessment, and rehabilitative services.

324.81136 Chemical analysis of operator's blood, urine, or breath; admissibility; request for results of test; presumptions; taking sample of urine or breath; withdrawing blood; liability; administration of tests by person of arrested person's own choosing; refusal to take test; other evidence; jury instruction; admissibility of blood withdrawn after accident; sample of decedent's blood.

Sec. 81136. (1) In a criminal prosecution for violating section 81134 or 81135 or a local ordinance substantially corresponding to section 81134 or 81135, or in a criminal prosecution for negligent homicide or manslaughter resulting from the operation of an ORV while the operator is alleged to have been impaired by or under the influence of intoxicating liquor or a controlled substance or a combination of intoxicating liquor and a controlled substance, or to have had a blood alcohol content of 0.10 grams or more per 100 milliliters of blood, per 210 liters of breath, or per 67 milliliters of urine, the amount of alcohol in the operator's blood at the time alleged as shown by chemical analysis of the operator's blood, urine, or breath shall be admissible into evidence.

(2) If a chemical test of an operator's blood, urine, or breath is given, the results of the test shall be made available to the person charged with an offense enumerated in subsection (1) or the person's attorney upon written request to the prosecution, with a copy of the request filed with the court. The prosecution shall furnish the report at least 2 days before the day of the trial and the results shall be offered as evidence by the prosecution in a criminal proceeding. Failure to fully comply with the request shall bar the admission of the results into evidence by the prosecution.

(3) Except in a prosecution relating solely to a violation of section 81134(2), the amount of alcohol in the operator's blood at the time alleged as shown by chemical analysis of the operator's blood, urine, or breath shall give rise to the following presumptions:

(a) If at the time the operator had an alcohol content of 0.07 grams or less per 100 milliliters of blood, per 210 liters of breath, or per 67 milliliters of urine, it shall be presumed that the operator was not under the influence of intoxicating liquor.

(b) If at the time the operator had an alcohol content of more than 0.07 grams but less than 0.10 grams per 100 milliliters of blood, per 210 liters of breath, or per 67 milliliters of urine, it shall be presumed that the operator's ability to operate an ORV was impaired within the provisions of section 81135 due to the

consumption of intoxicating liquor.

(c) If at the time the operator had an alcohol content of 0.10 grams or more per 100 milliliters of blood, per 210 liters of breath, or per 67 milliliters of urine, it shall be presumed that the operator was under the influence of intoxicating liquor.

(4) A sample or specimen of urine or breath shall be taken and collected in a reasonable manner. Only a licensed physician, or a licensed nurse or medical technician under the direction of a licensed physician and qualified to withdraw blood acting in a medical environment, at the request of a peace officer, may withdraw blood for the purpose of determining the alcoholic content of the blood under this part. Liability for a crime or civil damages predicated on the act of withdrawing blood and related procedures shall not attach to a qualified person who withdraws blood or assists in the withdrawal in accordance with this part unless the withdrawal is performed in a negligent manner.

(5) A person arrested for a crime enumerated in subsection (1) who takes a chemical test administered at the request of a peace officer, as provided in this part, shall be given a reasonable opportunity to have a person of his or her own choosing administer 1 of the chemical tests described in this section within a reasonable time after his or her detention, and the results of the test shall be admissible and shall be considered with other competent evidence in determining the defendant's innocence or guilt of a crime enumerated in subsection (1). If the person arrested is administered a chemical test by a person of his or her own choosing, the person arrested shall be responsible for obtaining a chemical analysis of the test sample. The person shall be informed that he or she has the right to demand that a person of his or her choosing administer 1 of the chemical tests described in this section, that the results of the test shall be admissible and shall be considered with other competent evidence in determining the innocence or guilt of the defendant, and that the person arrested shall be responsible for obtaining a chemical analysis of the test sample.

(6) A person arrested shall be advised that if the person refuses the request of a peace officer to take a test described in this section, a test shall not be given without a court order. The person arrested shall also be advised that the person's refusal of the request of a peace officer to take a test described in this section shall result in the suspension of the person's right to operate an ORV.

(7) This section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question of whether or not the defendant was impaired by or under the influence of intoxicating liquor or a controlled substance, or a combination of intoxicating liquor and a controlled substance, or whether the person had a blood alcohol content of 0.10 grams or more per 100 milliliters of blood, per 210 liters of breath, or per 67 milliliters of urine.

(8) If a jury instruction regarding a defendant's refusal to submit to a chemical test under this section is requested by the prosecution or the defendant, the jury instruction shall be given as follows:

"Evidence was admitted in this case which, if believed by the jury, could prove that the defendant had exercised his or her right to refuse a chemical test. You are instructed that such a refusal is within the statutory rights of the defendant and is not evidence of the defendant's guilt. You are not to consider such a refusal in determining the guilt or innocence of the defendant."

(9) If after an accident the operator of an ORV involved in the accident is transported to a medical facility and a sample of the operator's blood is withdrawn at that time for the purpose of medical treatment, the results of a chemical analysis of that sample shall be admissible in a criminal prosecution for a crime described in subsection (1) to show the amount of alcohol or presence of a controlled substance, or both, in the person's blood at the time alleged, regardless of whether the person had been offered or had refused a chemical test. The medical facility or person performing the chemical analysis shall disclose the results of the analysis to a prosecuting attorney who requests the results for use in a criminal prosecution as provided in this subsection. A medical facility or person disclosing information in compliance with this subsection shall not be civilly or criminally liable for making the disclosure.

(10) If after an accident the operator of an ORV involved in the accident is deceased, a sample of the decedent's blood shall be withdrawn in a manner directed by the medical examiner for the purpose of determining blood alcohol content or presence of a controlled substance, or both. The medical examiner shall give the results of the chemical analysis to the law enforcement agency investigating the accident, and that agency shall forward the results to the department of state police.

However, if the balance of the snowmobile registration fee fund exceeds \$1,600,000.00 at any time, the state treasurer shall transfer all amounts in excess of \$1,600,000.00 to the recreational snowmobile trail improvement fund. From the revenue deposited in the snowmobile registration fee fund under this part, the legislature shall make an annual appropriation as follows:

(i) Not more than \$3.00 from each registration fee collected during each fiscal year shall be appropriated to the department of state for administration of the registration provisions of this part. At the close of each state

(3) The money appropriated under this section to the department for snowmobile trails and areas, for access to those trails or areas, and for basic snowmobile facilities may be expended for the acquisition, development, and maintenance on any land in the state. This money may be used to purchase lands or secure easements, leases, permits, or other appropriate agreements permitting use of private property for snowmobile trails, basic facilities, and areas which may be used by bicyclists, hikers, equestrians, and other nonconflicting off-season recreational trail users, if the easements, leases, permits, or other agreements provide public access to the trail, use areas, and support facilities.

(4) Recreational trail facilities or major improvements shall not be constructed on private land unless a written agreement in the form of an easement, lease, or permit for a public trail right-of-way having a term of not less than 5 years is made between the owner of the land and the department.

324.82119 Operation of snowmobiles prohibited; exceptions; permanent prohibition; requirements; rules.

Sec. 82119. (1) A person shall not operate a snowmobile upon a public highway, land used as an airport or street, or on a public or private parking lot not specifically designated for the use of snowmobiles except under the following conditions and circumstances:

(a) Subject to subsection (2), a snowmobile may be operated on the right-of-way of a public highway, except a limited access highway, if it is operated at the extreme right of the open portion of the right-of-way and with the flow of traffic on the highway. However, a snowmobile may be operated on the right-of-way of a public highway against the flow of traffic if the right-of-way is a snowmobile trail that is designated by the department in the plan developed pursuant to section 82106(2) and that is approved by the state transportation department. Snowmobiles operated on the right-of-way of a public highway, as provided in this subdivision, shall travel single file and shall not be operated abreast except when overtaking and passing another snowmobile. In the absence of a posted snowmobile speed limit, a snowmobile operated on the right-of-way of a public highway, as provided in this subdivision, shall not exceed the speed limit posted on the public highway.

(b) Subject to subsection (2), a snowmobile may be operated on the right-of-way of a limited access public highway if it is operated on a snowmobile trail that is designated by the department in the plan developed pursuant to section 82106(2) and that is approved by the state transportation department. A snowmobile shall only be operated on that right-of-way in the manner provided in that plan. In addition, a snowmobile operated on the right-of-way of a public highway, as provided in this subdivision, shall travel single file and shall not be operated abreast except when overtaking and passing another snowmobile. In the absence of a posted snowmobile speed limit, a snowmobile operated on the right-of-way of a public highway, as provided in this subdivision, shall not exceed the speed limit posted on the public highway.

(c) A snowmobile may be operated on the roadway or shoulder when necessary to cross a bridge or culvert if the snowmobile is brought to a complete stop before entering onto the roadway or shoulder and the driver yields the right-of-way to an approaching vehicle on the highway.

(d) In a court action in this state where competent evidence demonstrates that a vehicle that is permitted to be operated on a highway pursuant to the Michigan vehicle code, 1949 PA 300, MCL 257.1 to 257.923, collided with a snowmobile on a roadway, the driver of the snowmobile involved in the collision shall be considered prima facie negligent.

(e) A snowmobile may be operated across a public highway other than a limited access highway, at right angles to the highway, for the purpose of getting from 1 area to another when the operation can be done in safety and another vehicle is not crossing the highway at the same time in the same general area. An operator shall bring his or her snowmobile to a complete stop before proceeding across the public highway and shall yield the right-of-way to all oncoming traffic.

(f) Snowmobiles may be operated on a highway in a county road system that is not normally snowplowed for vehicular traffic and on the plowed right-of-way or shoulder when no right-of-way exists on a

snowplowed highway in the county road system, outside the corporate limits of a city or village, that is designated and marked for snowmobile use by the county road commission having jurisdiction. Upon the request of a county road commission that has designated all county roads outside the corporate limits of a city or village for snowmobile use, the state transportation department shall erect at county road commission expense and shall maintain, in accordance with the Michigan manual of uniform traffic control devices standards, the basic snowmobile sign unit together with a supplemental panel stating "permitted on right-of-way or shoulder of all (county name) roads — MCL 324.82119" at the county line on all state trunk line highways and county roads. A sign erected before the effective date of the 2005 amendatory act that amended this section may cite 1968 PA 74 instead of citing this section.

(g) A law enforcement officer of a local unit of government or the state may authorize use of a snowmobile on a public highway or street within his or her jurisdiction when an emergency occurs and conventional motor vehicles cannot be used for transportation due to snow or other extreme highway conditions.

(h) A snowmobile may be operated on a highway or street for a special event of limited duration conducted according to a prearranged schedule only under permit from the governmental unit having jurisdiction. The event may be conducted on the frozen surface of public waters only under permit from the department.

(i) A city or village by ordinance may designate 1 or more specific public highways or streets within its jurisdiction as egress and ingress routes for the use of snowmobiles. A city or village acting under the authority of this subdivision shall erect and maintain, in accordance with the Michigan manual of uniform traffic control devices standards, a sign unit giving proper notice of the designation.

(2) The state transportation department and the department of natural resources may permanently prohibit snowmobile use as described in subsection (1)(a) or (b) in a highway right-of-way if, within 10 years after the effective date of the amendatory act that added this subsection, all of the following requirements are met:

(a) The right-of-way is designated in a closure plan developed by the state transportation department and the department of natural resources and approved by the state transportation commission and the commission of natural resources.

(b) The state transportation department and the department of natural resources have held a public hearing on the proposed prohibition in the county where the prohibition is to apply. The state transportation department and the department of natural resources shall give notice of the hearing by publication in a newspaper of general circulation in the county not more than 21 or less than 7 days before the hearing.

(c) The state transportation department and the department have consulted on the proposed prohibition with the snowmobile advisory committee created under section 82102a.

(d) Snowmobile use in that right-of-way poses a particular and demonstrable threat to public safety.

(e) The department has designated and, if required under subsection (1)(a) or (b), the state transportation department has approved an alternative snowmobile trail that meets all of the following requirements:

(i) Is open for use and functional during snowmobile season.

(ii) Bypasses the highway right-of-way on which snowmobile use is to be prohibited.

(iii) Provides access to any qualified business that, when the alternative snowmobile trail is designated, is located along the highway right-of-way on which snowmobile use is to be prohibited. As used in this subparagraph, "qualified business" means a gas station, restaurant, hotel, motel, convenience store, or grocery store or any other business that relies on snowmobile-based commerce.

(3) The state transportation department and the department of natural resources may promulgate rules to implement subsections (1)(b) and (2).

(6) When the judge of a juvenile court determines that a person who is less than 17 years of age has violated this part, the judge shall immediately report the determination to the department. 324.82124 Ordinances; duty to maintain highway; immunity from liability; "gross negligence" defined.

Sec. 82124. (1) Any municipality may pass an ordinance regulating the operation of snowmobiles if the ordinance meets substantially the minimum requirements of this part. A local unit of government may not adopt an ordinance that:

(a) Imposes a fee for a license.

- (b) Specifies accessory equipment to be carried on the snowmobile.
- (c) Requires a snowmobile operator to possess a motor vehicle driver license.
- (d) Restricts operation of a snowmobile on the frozen surface of public waters or on lands owned by or under the control of the state except pursuant to section 82125.

(2) A board of county road commissioners, a county board of commissioners, and a county have no duty to maintain any highway under their jurisdiction in a condition reasonably safe and convenient for the operation of snowmobiles.

(3) Beginning on October 19, 1993, a board of county road commissioners, a county board of commissioners, and a county are immune from tort liability for injuries or damages sustained by any person arising in any way out of the operation or use of a snowmobile on maintained or unmaintained highways, shoulders, and rights-of-way over which the board of county road commissioners, the county board of commissioners, or the county has jurisdiction. The immunity provided by this subsection does not apply to actions which constitute gross negligence. 324.82125 Rules governing operation and conduct of snowmobiles; special rules; hearing; notice; corresponding ordinances; suspension, amendment, or repeal; enforcement.

Sec. 82125. (1) The department may promulgate rules to govern the operation and conduct of snowmobiles, speed limits, and the times when a snowmobile may be used and to establish and designate areas where snowmobiles may be used in a manner that will ensure compatible use and best protection of the safety and general welfare of the public on the frozen surface of public waters.

(2) The department, on its own initiative or upon receipt of a certified resolution of the governing body of a political subdivision, may initiate investigations into the need for special rules to govern the operation of snowmobiles on the frozen surface of public waters. If controls for an activity are considered necessary, or amendment or repeal of an existing rule is required, the department shall prepare a rule for consideration at a public hearing. Notice of the public hearing shall be published in a newspaper of general circulation in the area where the rules are to be imposed, amended, or repealed, at least 10 days before the hearing.

(3) After a hearing is held pursuant to subsection (2), the proposed rule shall be submitted to the governing body of the political subdivision in which the affected frozen waters lie. The governing body shall inform the department that it approves or disapproves of the proposed rule within 30 days after receiving the rule from the department. If the governing body disapproves the proposed rule, further action shall not be taken. If the governing body approves the proposed rule, it may enact an ordinance that is identical to the proposed rule and the department shall promulgate the rule. An ordinance enacted pursuant to this subsection is not effective until the proposed rule is promulgated and effective.

Sec. 82126. (1) A person shall not operate a snowmobile under any of the following circumstances:

- (a) At a rate of speed greater than is reasonable and proper having due regard for conditions then existing.
- (b) In a forest nursery, planting area, or on public lands posted or reasonably identifiable as an area of forest reproduction when growing stock may be damaged or posted or reasonably identifiable as a natural dedicated area that is in zone 2 or zone 3.

(c) On the frozen surface of public waters as follows:

- (i) Within 100 feet of a person, including a skater, who is not in or upon a snowmobile.

(ii) Within 100 feet of a fishing shanty or shelter except at the minimum speed required to maintain forward movement of the snowmobile.

(iii) On an area that has been cleared of snow for skating purposes unless the area is necessary for access to the public water.

(d) Without a muffler in good working order and in constant operation from which noise emission at 50 feet at right angles from the vehicle path under full throttle does not exceed 86 DBA, decibels on the "a" scale, on a sound meter having characteristics defined by American standards association S1, 4-1966 "general purpose sound meter". However, noise emission from a snowmobile manufactured after July 1, 1977, and sold or offered for sale in this state shall not exceed 78 decibels of sound pressure at 50 feet as measured under the 1974 society of automobile engineers code J-192a. This subdivision does not apply to a snowmobile that is being used in an organized race on a course which is used solely for racing.

(e) Within 100 feet of a dwelling between 12 midnight and 6 a.m., at a speed greater than the minimum required to maintain forward movement of the snowmobile.

(f) In an area on which public hunting is permitted during the regular November firearm deer season from 7 a.m. to 11 a.m. and from 2 p.m. to 5 p.m., except under 1 or more of the following circumstances:

(i) During an emergency.

(ii) For law enforcement purposes.

(h) On or across a cemetery or burial ground.

(i) Within 100 feet of a slide, ski, or skating area except when traveling on a county road right-of-way pursuant to section 82119 or a snowmobile trail that is designated and funded by the department. A snowmobile may enter such an area for the purpose of servicing the area or for medical emergencies.

(j) On a railroad or railroad right-of-way. This prohibition does not apply to railroad personnel, public utility personnel, law enforcement personnel while in the performance of their duties, and persons using a snowmobile trail located on or along a railroad right-of-way, or an at-grade snowmobile trail crossing of a railroad right-of-way, that has been expressly approved in writing by the owner of the right-of-way and each railroad company using the tracks and that meets the conditions imposed in subsections (2) and (3). A snowmobile trail or an at-grade snowmobile trail crossing shall not be constructed on a right-of-way designated by the federal government as a high-speed rail corridor.

(2) A snowmobile trail shall be constructed, operated, and maintained by a person other than the person owning the railroad right-of-way and the person operating the railroad, except that an at-grade snowmobile trail crossing of a railroad right-of-way shall be constructed and maintained by the person operating the railroad at the sole cost and expense of the person operating the trail connected by the crossing, pursuant to terms of a lease agreement under which the person operating the trail agrees to do all of the following:

(a) Indemnify the person owning the railroad right-of-way and the person operating the railroad against any claims associated with, arising from, or incidental to the construction, maintenance, operation, and use of the trail or at-grade snowmobile trail crossing.

(b) Provide liability insurance in the amount of \$2,000,000.00 naming the person owning the railroad right-of-way and the person operating the railroad as named insureds.

(c) Meet any other obligations or provisions considered appropriate by the person owning the railroad right-of-way or the person operating the railroad including, but not limited to, the payment of rent that the person owning the railroad right-of-way or the person operating the railroad is authorized to charge under this part and the meeting of all construction, operating, and maintenance conditions imposed by the person owning the railroad right-of-way and the person operating the railroad regarding the snowmobile trail.

(3) A snowmobile trail shall be clearly demarcated by signing constructed and maintained at the sole cost and expense of the grant program sponsor. The signing shall be placed at the outer edge of the railroad right-of-way, as far from the edge of the railroad tracks as possible, but not closer than 20 feet from the edge of the railroad tracks unless topography or other natural or manmade features require the trail to lie within 20 feet of the edge of the railroad tracks. The at-grade snowmobile trail crossing of a railroad right-of-way shall be aligned at 90 degrees or as close to 90 degrees as possible to the railroad track being crossed, and shall be located where approach grades to the crossing are minimal and where the vision of a person operating a snowmobile will be unobstructed as he or she approaches the railroad tracks. The design of the snowmobile

trail, including the location of signing, shall be included upon plan sheets by the person constructing, operating, and maintaining the trail, and shall be approved in writing by the person owning the right-of-way and the person operating the railroad. Signing shall conform to specifications issued by the department to its snowmobile trail grant program sponsors.

(4) Notwithstanding section 82101, as used in this section, “operate” means to cause to function, run, or manage.

(5) A person shall not alter, deface, damage, or remove a snowmobile trail sign or control device.

(6) Each person who participates in the sport of snowmobiling accepts the risks associated with that sport insofar as the dangers are obvious and inherent. Those risks include, but are not limited to, injuries to persons or property that can result from variations in terrain; surface or subsurface snow or ice conditions; bare spots; rocks, trees, and other forms of natural growth or debris; or collisions with signs, fences, or other snowmobiles or snow-grooming equipment. Those risks do not include injuries to persons or property that can result from the use of a snowmobile by another person in a careless or negligent manner likely to endanger person or property. When a snowmobile is operated in the vicinity of a railroad right-of-way, each person who participates in the sport of snowmobiling additionally assumes risks including, but not limited to, entanglement with tracks, switches, and ties and collisions with trains and other equipment and facilities.
